

Potential Activities at TKF Board Meetings

Board members – we would like to invite you to share your thoughts on these questions at our meeting.

What kinds of activities does the board want to engage in throughout our annual meeting cycle? See below for several potential examples:

- a. Future/strategic planning
- b. Opportunities for learning/education
- c. Guest Speakers (Purpose? Subjects? Timing? Who?)
- d. Inviting a broader audience (guests outside our office)

Are there other activities we are not seeing/thinking about that we should be?

What would be the best timing for these items?
